2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

Student-centric methods such as experiential learning, participative learning, and problem-solving methodologies have become increasingly popular in recent years as they provide an innovative approach to teaching and learning. These methods put the student at the center of the learning process, allowing them to take an active role in their education and enhance their learning experience. The student centric methods implemented at our college level are detailed below:

1. Experimental Learning:
