• Student Grievance & Redressal Committee

Based on the complaint which was received from D.Hemanjali of II MCCs. With Roll no 20-702 on 12-02-2022 our principal took some necessary actions. Principal Sir forwarded this indiscipline action to the committees - Student Grievance & Redressal Committee, Internal complaint cell & Women Empowerment and anti-sexual harassment cell and other committee members Enquired about this incident. The enquiry progressed before the consent committee members.

The committee members have given counseling to the student and suggested some precautions to the student we suggested don't give lenience to other male students, concentrate on your studies, think about the family conditions and think about your future.

The consent person on whom the student has given complaint was not attended the college for the past two days.

NOTE:- The student said that the problem was solved and by hand she gave written letter also to the committee on the complaint given.
