MOU-Activity-2019-20

Name of the Department: History

Name of the Event: Workshop

Topic: "Role of Andhra in Indian National Movement"

Date Conducted: 18-02-2020 to 20-02-2020

Name and Designation of the Resource person: Dr. Rajyalakshmi lecturer in history AG & SG Siddhartha Degree College of Arts & Science, Vuyyuru held on 18-02-2020 to 20-02-2020

Report:

Moderates 1885-1905 – Causes, Political, Economic, Social and Constitutional Demands

Methods – Petition, Prayer, Deputation.

Leaders – Ananda Charyulu, N. Subba Rao, Gutti Kesava Pillai, P. Rangaiah Naidu, A.P., Parthasarathi Naidu – District Associations.

Rise of extremism-New Political Developments in Japan, Russia, Ireland, Partition of Bengal.

Policies of Lord Curzen – Reaction all over India Lal-Bal-Pal. Ganesh, Shivaji Festivals.

Lecturer by Resource person

Name of the Department: Physics

Name of the event: Guest Lecturer

Topic : “ Renewable Energy-Solar Panel Manufacturing & Installation ”

Date Conducted : 04-07-2019

Name and Designation of the Resource person: N.V.S. Teja Kumar, Sunrays Green Power Solutions, Bhattiprolu, Guntur District.

Report on the guest lecture:

Objectives: To develop the awareness on Renewable Energy - Solar Panel Manufacturing & Installation among students.

Notes on lecture: In today's climate of growing energy needs and increasing environmental concern, alternatives to the use of non-renewable and polluting fossil fuels have to be investigated. One such alternative is solar energy. It is a **RENEWABLE SOURCE OF ENERGY** .

Solar energy powers the environment and life on the planet so there's no energy source more earth-friendly. Compared to the burning of fossil fuels, which release greenhouse gases, and carbon dioxide, solar cells do not release anything harmful into the air as they convert the sun's energy into electricity.

Outcome :

- Students are able to understand the need of Renewable Energy sources.
- Students are able to understand the installation process of solar cells.
- U.Ram Prasad, HOD of Physics Dept, N.V.S. Teja Kumar of Sunrays Green Power Solutions Delivering their speech on solar panels installation.

Speech on solar panels installation by U.Ram Prasad

Lecturer By N.V.S. Teja Kumar

Name of the event: Guest Lecture

Topic: Biodiversity conservation by using Natural farming

Date Conducted: 11.02.2022

Name and designation of the resource person: sri.s.krishna suman,Natural farming

Report on the guest lecture:

1. Objectives: Natural farming aims at restoring soil health, maintenance of diversity, ensure animal welfare, stress on efficient use of natural/local resources and promote ecological fairness.

Natural farming is an ecological farming approach where farming system

2. Notes on lecture: Important practices, essential for adoption of natural farming includes:

- No external inputs,
- Local seeds (use of local varieties), .
- On-farm produced microbial formulation for seed treatment (such as bijamrita),
- On-farm made microbial inoculants (Jivamrita) for soil enrichment,
- Cover crops and mulching with green and dry organic matter for nutrient recycling and for creating a suitable micro-climate for maximum beneficial microbial activity in soil.
- Mixed cropping,
- Managing diversity on farm through integration of trees
- Management of pests through diversity and local on-farm made botanical concoctions (such as neemashtra, agniastra, neem ark, dashparni ark etc);
- Integration of livestock, especially of native breed for cow dung and cow urine as essential inputs for several practices and
- Water and moisture conservation. Natural farming aims at restoring soil health, maintenance of diversity, ensure animal welfare, stress on efficient use of natural/local resources and promote ecological fairness. Natural farming is an ecological farming approach where farming system

3. Outcome:

Natural farming generates employment on account of natural farming input enterprises, value addition, marketing in local areas, etc. The surplus from natural farming is invested in the village itself. Reduced Water Consumption:-By working with diverse crops that help each other and cover the soil to prevent unnecessary water loss through evaporation, Natural Farming optimizes the amount of 'crop per drop'.

MOU-Activity-2020-21

Name of the Department: Physics

Name of the event: Guest Lecturer

Topic : “Emission of Light Past, Present and Future”

Date Conducted: 21-12-2020

Name and Designation of the Resource person: Prof.K.V.R.Murthy,President of fellow Luminiscence Society of India, Applied Physics Department,M.S.University of Baroda, Baroda.

Report on the guest lecture:

Objectives : To develop awareness of changes in Emission of Light Past, Present and Future

Notes on lecture: Light plays a vital role in our daily lives and is an imperative cross-cutting discipline of science in the 21st century. It has revolutionized medicine, opened up international communication via the Internet, and continues to be central to linking cultural, economic and political aspects of the global society.

First studies of optics 1,000 years ago to discoveries in optical communications that power the Internet today.

Outcome:

- Students learned about the changes of Emission of Light in Past, Present and Future .
- Their knowledge on emission of light and the properties of light also increased .
- The characteristics of light also observed and noticed
- Prof.K.V.R.Murthy,President of fellow Luminiscence Society of India, Applied Physics Department,M.S.University of Baroda, Baroda Delivering his speech on Emission of Light Past, Present and Future .

Lecturer By Prof.K.V.R.Murthy

Topic: UNO and Organs

Date Conducted: 08-07-2022

Name and Designation of the Resource person: T.Narasimha rao lecturer in history AG & SG Siddhartha Degree College, Vuyyuru.

Report

The Organization of the United Nations has been established in 1945. Currently, the United Nations consists of 193 member-states. The mission and activities of the United Nations are guided by the purposes and principles enshrined in its milestone document

The official languages of the UN are Arabic, Chinese, English, French, Russian and Spanish.

The principal organs of the UN are:

The General Asembly

The Security Council

The Economic And Social Council

The Trusteeship Council

The International Court Of Justicethe

Un Sectariat

T.Narasimha rao

MOU-Activity-2021-22

Name of the Event : Guest Lecture

Topic: Mass spectrometry and its applications

Date conducted: 12-12-2021.

Name and Designation of the Resource person: Dr.M.Sivanath, ANR College Gudivada.

Report on the guest lecturer:

Objectives

The main objective to arrange to this guest lecturer is to give detail explanation of Mass spectrometry and its applications for post graduate students.

Notes on lecturer

Mass spectrometry, also called mass spectroscopy, analytic technique by which chemical substances are identified by the sorting of gaseous ions in electric and magnetic fields according to their mass-to-charge ratios. The instruments used in such studies are called mass spectrometers and mass spectrographs, and they operate on the principle that moving ions may be deflected by electric and magnetic fields.

Out come

The students well understand importance of applications of mass spectroscopy.

Students listening lecturer on Mass spectroscopy and its applications

Name of the Department: Chemistry

Name of the Event : Guest Lecture

Topic: Data Analysis

Date conducted: 18-06-2022.

Name and Designation of the Resource person: Dr. G. Giri Prasad A.G & S.G Siddhartha
Degree College of Arts and Science.

Report on the guest lecturer:

Objectives

The main objective to arrange to this guest lecturer is to give detail explanation Data Analysis for post graduate students.

Notes on lecturer

- Estimate the precision that can reasonably be expected from the method. Be certain that the outlying result is indeed questionable.
- Re-examine carefully all data relating to the questionable result in order to rule out the possibility that a gross error has affected its value. Remember that the only sure justification for rejection is the knowledge of a gross error.
- Repeat the analysis, if at all possible. Agreement of the newly acquired value with those that appear to be valid will support the contention that the outlying result should be rejected.
- If further data cannot be obtained apply the Q-Test. Also give consideration to reporting the median, rather than the mean value of the set. The median is the central value of the set and it will minimize the influence of the outlying result.

.Out come

The students well understand importance of applications of mass spectroscopy.

Students listening lecturer on Data Analysis

Name of the Event : Guest Lecture

Topic: Thermodynamics

Date Conducted: -----.

Name and Designation of the Resource person:

D.Vimala Kumari lecturer in chemistry ANR college Gudivada.

Report on the guest lecturer

Objectives

To Explain Second law of thermodynamics Different Statements of the law, Carnot cycle and its efficiency, Carnot theorem, Concept of entropy, entropy as a state function, entropy changes in reversible and irreversible processes.

Notes on lecture

Thermodynamics is essentially the study of flow of energy. Its entire chapter is based on the underpinning that there is transference and transformation of energy from one form to another. Since the measurement of energy has to be about a specific system, class 11 Chemistry chapter 6 thermodynamics notes begin with elaborating various properties of a system

The chapter of thermodynamics in CBSE class 11 Chemistry is quite exhaustive in its content. A student has to learn multiple topics under this chapter, along with the relevant mathematical sums. To fully grasp the chapter, the core concepts must be clear at the outset. Students, while preparing this chapter, can download the PDF of the notes for free on Vedantu's official website.

Thermodynamics is essentially the study of flow of energy. Its entire chapter is based on the underpinning that there is transference and transformation of energy from one form to another. The chapter of thermodynamics in CBSE class 11 Chemistry is quite exhaustive in its content. A student has to learn multiple topics under this chapter, along with the relevant mathematical sums

Outcome

Lecture was received by all third B.Sc Students Impressively.

Lecturer By D.VimalaKumari

Name Of The Event: Guest Lecture

- Topic : **Social media and youth**
- Date Conducted : **11/10/2021**
- Name and Designation of the Resource person: **Dr. Chandra Rao.**
(ARDT INDIA Private Ltd, Hyderabad)
- Report on the guest lecturer :
 - 1) Objectives:** a) To Understand the purpose of using social media.
b) To Study the influence of social media to words Youngsters.
c) To analyze the impact of social media as youth.

2) Notes on lecture: Social media has both an upside and down side and when it comes to the social media effects on youth there are significant pros and cons to take into account. The impact of socialmedia on youth canalso be significantly be terminates to mental health. On the other side social media helped youth increase access to needed services and resources

3) Outcome: a) Students able to learn how to use social media.

b) Useful for educational purpose and free to use.

Guest lecturer by Dr. Chandra Rao

Name of the Department: Commerce

Topic: Internship

Date Conducted: 01-04-2022 to 01-05-2022

Name and Designation of the Resource person: M/S BALAJI Chartered accountants

Report:

Chartered accountants

The title is an internationally recognised professional designation; the certified public accountant designation is generally equivalent to it. Women were able to become chartered accountants only following the Sex Disqualification (Removal) Act 1919 after which, in 1920, Mary Harris Smith was recognised by the Institute of Chartered Accountants in England and Wales and became the first woman chartered accountant in the world.

Organic fertilizers can be obtained from the following products:

Agricultural Waste, Livestock Manure, Industrial Waste and Municipal Sludge

Internship Programme

Name of the Department: Zoology

Name of the event: Guest Lecture

Topic: Blood Donation

Date Conducted: 14-05-21

Name and designation of the resource person:Dr. S.Lakshmi Sindhu M.B.B.S.,M.S,
Vuyyuru.

Report on the guest lecturer: The department of zoology in association with Amrutha Hospital, Vuyyuru, organized an awareness program on "Blood Donation" by Dr S.Lakshmi Sindhu at Seminar Hall, on 14/05/21. Dr S.Lakshmi Sindhu M.B.B.S ,M.S, motivated the students about blood donation. She explained about the importance of Blood donation and also gave in depth illustration on the renewal duration of different components present in Blood. Students gained knowledge on a rare Blood groups and also on different types of Blood donation ranging from Whole Blood donation to donation of a single blood component. The Do's and Don't's of 24 hours prior to blood donation was explained. On a whole it gave a push to many volunteers inclusive of staff & students to come forward and donate blood at Amrutha hospital as all their misconceptions were cleared.

Blood Donation by students in association with Amrutha Hospitals, Vuyyuru

Name of the event: Training Program

Topic: "L.vennamei culture"

Date Conducted: 5-6/11/2021

Name and designation of the resource person: Sri P.KiranChandh,Supervisor,Godrej Agrovet Ltd.

Report on the guest lecturer:

The Department of Zoology organized a training program for two days duration on L.Vannamei culture and diversification in collaboration with Godrej Agrovet Ltd. at Ramapuram R&D farms for the benefit of students. The 2-days trainingprogram is from November 5-6, 2021. This is to educate them on the sustainable farming practices, Better Management Practices and on the farming technology of potential species for diversified aquaculture.The training programs on L.venameiculture enables the students to take up shrimp culture as a means of self-employment.

Sri. P.Kiran Chand Supervisor of the company gave training to the students. The students gained Knowledge and Skills in the culture of L. Vennamei. They gained confidence to set up a farm for self-employment.

Students at Ramapuram Fish Ponds with D. A. Kiranmayee HOD of Zoology Department

Students observing Prawn larval stages

Name of the Event: Internship

Topic: Fertilizer Distributors and Dealers

Date Conducted: 16-08-2022 to 8-10-2022

Name and Designation of the Resource person: N.V.S Sureshnadh, proprietor Vuyyuru to B.A Students

Report:

Organic Fertilizers

Natural fertilisers derived from plants and animals are known as organic fertilisers. By adding carbonic molecules necessary for plant growth, it enriches the soil. Organic fertilisers boost the amount of organic matter in the soil, encourage microbial reproduction, and alter the physical and chemical composition of the soil. It is regarded as one of the essential elements for foods that are green.

Organic fertilizers can be obtained from the following products:

Agricultural Waste, Livestock Manure, Industrial Waste and Municipal Sludge

Internship Programme

Name of the Department: History

Name Of The Event: Internship

Topic: Agri Crop Production Enterprises

Date Conducted: 16-08-2022 to 10-10-2022

Name and Designation of the Resource person: P.Mahant Assistant Agriculture Officer

Report

Agricultural burning means open outdoor fires used in agricultural operations in the growing of crops or raising of fowl or animals, or open outdoor fires used in forest management, range improvement, or the improvement of land for wildlife and game habitat, or disease or pest prevention.

P.Mahant Assistant Agriculture

Name of the Department: Zoology

Name of the event: Guest Lecture

Topic: Career guidance of Aquaculture

Date conducted: 24-01-22

Name and Designation of the Resource person: D.A Kiranmayee

Report on the guest lecturer:

Objectives

The main objective to arrange to this guest lecturer is to give detail explanation of Career guidance of Aquaculture

Notes on lecturer

D.A Kiranmayee explained about the increasing careers opportunities for science students and jobs available with a various companies and employers, including state and federal government agencies, academic institutions, and fish farms. He enlightened the audience with the available career opportunities in aquaculture that merely require a high school diploma and some hands on-the-job training. Moreover, in his talk, he described how an increasing number of employers in this industry prefer job candidates with undergraduate education, and certain aquaculture careers, including high-level management and government positions, require graduate-level education.

Out come

The students well understand importance of Aquaculture career opportunities

MOU- Activities 2022-23

Name of the Department: History

Name of the event: Internship

Topic: Internship Programme

Date conducted: 01-11-2022 to 24-02-2023

Name and Designation of the Resource Person: C.Rajesh JIO Sales Executive

Report

5G can be significantly faster than 4G, delivering up to 20 Gigabits-per-second (Gbps) peak data rates and 100+ Megabits-per-second (Mbps) average data rates. 5G has more capacity than 4G. 5G is designed to support a 100x increase in traffic capacity and network efficiency. 5G has lower latency than 4G.

C.Rajesh JIO Sales Executive

Name of the Department: Commerce

Name of the event: Guest Lecture

Topic: Internship (Innovations in banking sector)

Date Conducted: 16-02-2023

Name and designation of the resource person: Ramesh Goriparthi., (CA) Partner M/S
Ramesh Goriparthi Vijayawada.

Report on the guest lecturer:

Objectives:

Most of the banks have begun to take an innovate approach towards banking, with the objective of creating more value for customers in the banks. Banking in India has already undergone a huge transformation in the years since independence. Nowadays we have E-Banking system along with currency notes.

Notes on lecture

The changes become possible with the help of new innovations in banking system like Unified Payment Interface (UPI), adoption of cloud technology, net banking, E-banking, RTGS, NEFT mobile banking, ATM, banking through banking Apps/Payment Apps like PAYTM, BHIM, PHONE PAY.

Outcome:

Internship experience is invaluable. Although it can be tough to manage both College and work, what you end up getting out of it is worth the extra effort.

Guest lecture by Ramesh Goriparthi., (CA)

Name of the Department: Commerce

Name of the event: Training programme

Topic: Internship (e-filing)

Date Conducted: 18-11-2023

Name and designation of the resource person: Y.E PRASAD REDDY & CO Hyderabad.

The Electronic Filing System (or EFS) is the Singapore Judiciary's electronic platform for filing and service of documents within the litigation process. In addition, it provides the registries of the Supreme Court and the Subordinate Courts with an electronic registry and workflow system; and an electronic case file. Recent enhancements have added a module which facilitates the conduct of hearing using documents that have been electronically filed.

The EFS provides the legal profession with a rudimentary online case file from which documents can be electronically filed with the courts or served on the other parties in a case. The EFS is also the source for electronic cause book searches that are provided through the Litigation module of LawNet. EFS is set to be replaced by iELS eventually.

Internship (e-filing) Training programme

Name of the event: Guest Lecture

Topic: Internship (PHP)

Date Conducted: 27-06-2022

Name and designation of the resource person: T.Nagamalleswara Rao, M.tech,
PINKMOON Technologies Private Limited, Vijayawada

Report on the guest lecturer:

Objectives:

To obtain a challenging position that fully utilizes my skills and provides me with suitable opportunities to grow my technical and communication skills this would help me as a fresher to grow while working towards the organizational goals.

Notes on lecture:

Your college will have a lot of resources to help you learn more about these internship opportunities. You might also find positions through personal connections and social media platforms like LinkedIn.

Some of the top internships for computer science majors include:

- Web developer
- Computer science professional
- Software developer
- Software engineer
- Information technology (IT) professional
- Python developer
- Web engineer
- IT help desk professional
- Computer programming instructor
- Computer engineer

Outcome:

Internship experience is invaluable. Although it can be tough to manage both College and work, what you end up getting out of it is worth the extra effort.

Name of the Department: Aquaculture

Name of the event: Internship

Topic: Internship Programme

Date conducted: 01.11.2022- 16.02.23

Report:

The students of III B. Sc. Aquaculture completed their Internship program in association with Godrej Agrovet Ltd. Aqua Feeds, Kondapallifor the academic year 2022-23. The Internship was carried on “Semi Intensive Practice of Lito Penaeus Vannamei’ in R& D Prawn Farms at Ramapuram, Nandivada Mandal Krishna Dst. Sri. V. Girish Managing Director of Godrej Agrovet Ltd. and P. Kiran Chand Supervisor of the farm guided the students for Internship which is for 3 months. The Department faculty Smt. D. A. Kiranmayee HOD of Zoology and Smt. K. Padmaja are the mentors for the Internship program.

Internship Programme in Aquaculture

Name of the event: Guest Lecture

Topic: R Programming

Date Conducted: 12-04-2023

Name and designation of the resource person: V.T.Ram Pavan Kumar MCA., M.Tech., APSET, Ph.D., HOD in Computer Science(PG) K.B.N College, Vijayawada.

Report on the guest lecturer:

Objectives:

To understand the basic concepts and the applications of Database Systems. To master the basics of SQL and construct queries using SQL. Concurrency Control. To become familiar with NO SQL Programming Language.

Notes on lecture:

The R programming can be done in two ways. We can either type the command lines on the screen inside an "R-session", or we can save the commands as a "script" file and execute the whole file inside R. Computer programming

Outcome:

- Install R and RStudio.
- Write simple pseudocode and create simple flow charts.
- Document your code.
- Use file management and version control tools.
- Perform simple arithmetic and statistical operations in R.
- Read data files into R.

Vijayawada.

Sir,

Greetings from AG & SG Siddhartha Degree College, Vuyyuru.

Sub: Permission for Internship programme at SPICE for VI semester B.Sc. BZC Students & B.Sc. MPC (T) students.

===

As a part of Degree curriculum it is compulsory for III year degree students to undertake an Internship programme for 90 days, in order to improve their technical and soft skills. In this aspect, I request you sir to give permission for 55 students of our college to carry out their Internship programme at your organization.

- 1) B.Sc. BZC - 29 students
- 2) B.Sc. MPC - 26 students

Thanking You Sir,

Yours faithfully,

(K.Satynarayana)

Sir,

Greetings from AG & SG Siddhartha Degree College, Vuyyuru.

Sub: Permission for Internship programme at SPICE for VI semester B.Sc. BZC Students & B.Sc. MPC (T) students.

===

As a part of Degree curriculum it is compulsory for III year degree students to undertake an Internship programme for 90 days, in order to improve their technical and soft skills. In this aspect, I request you sir to give permission for 55 students of our college to carry out their Internship programme at your organization.

- 1) B.Sc. BZC - 29 students
- 2) B.Sc. MPC - 26 students

Thanking You Sir,

Yours faithfully,

(K.Satynarayana)
