

7.3 Institutional Distinctiveness

A.G. & S.G.S Degree College of Arts & Science has prepared the youth of this rural area for a bright future in the globalised world empowering the learners in knowledge and skills which make them highly qualified human resources and give a value base to their education to make them responsible citizens

The College has mission to create empower scholastic men and women leaders who are resourceful, service or oriented, dedicated in their chosen careers and fields through Quality Education Practices thereby becoming assets to the society and the nation.

1. To serve the students from all sections of the society by making quality higher education accessible and affordable in this area
2. To provide quality education to youth of this area maintaining high ethical standards and values.
3. To include new scientific and technological developments in curriculum so as to promote academic advancement leading to national development.
4. To encourage the students to participate in seminars, conferences, placement drives, skill development programmes and competitions etc.,
5. To provide the students with ample opportunities for creativity and research
6. To sensitize the students on present socio-economic issues by including related topics in the curriculum as well as in co-curricular activities.
7. To upload the ambience of discipline, learning and culture with regard to human values as good human beings.
8. To inculcate the qualities of morality, nobility and magnanimity among the students removing all barriers to comprehensive education of good quality in order to serve society better

Skill Based Programmes:-

To provide skill based education to the students the institution introduced fisheries course

which is providing employability for local requirements. Andhra Pradesh Skill Development Centre was started in the campus to Enhance Student Skills for better opportunities and Certificate Courses were offered in Organic Farming and Mushroom Culture which gives self employments to the students, with this skills the students become more determined and confident in facing the future.

Research Programmes:-

Project work is an integral part of the curriculum for UG programme. The project work is undertaken in the VI semester for B.Com (Computers) students and field work is involved in some of the disciplines. The college also has hosted a National Seminar on “Challenging areas of Research in Chemistry”. The exposure that these UG students have at these events shape their research interest and initiatives.

Extension Programmes:-

Societal needs are addressed by the involvement of students in the community development programmes such as NCC, NSS, WOMENS’ Association, RED RIBBON CLUB, CLEANLINESS AWARENESS PROGRAMMES, REGULAR VISITS TO ORPHANAGE HOMES etc.,

The students are inspired by orientation programme and the Guest lectures on value education, character building, personality Development etc., to address the psychological needs of the students and volunteering in their respective extension activities instil social commitment in the students.
