- ❖ Out of maximum 100 marks in each paper for I B.Sc (A.B.C) 30 marks shall be allocated for internal assessment.
- ❖ Out of these 30 marks, 20 marks are allocated for announced tests (i.e . IA-1& IA-2). Two announced tests will be conducted and average of these two tests shall be deemed as the marks obtained by the student, 5 marks are allocated on the basis of candidate's percentage of attendance and remaining 5 marks are allocated for the assignment for I B.Sc (A.B.C).
- ❖ Out of maximum 100 marks in each paper for II B.Sc(A.B.C) 25 marks shall be allocated for internal assessment.
- ❖ Out of these 25 marks, 15 marks are allocated for announced tests (i.e . IA-1& IA-2). Two announced tests will be conducted and average of these two tests shall be deemed as the marks obtained by the student, 5 marks are allocated on assignment and remaining 5 marks seminars for IV semester.
- ❖ There is no pass minimum for internal assessment for I & II B.Sc
- ❖ **Semester – End Examination:**
- ❖ The maximum mark for I (ABC) semester – End examination shall be 70 marks and duration of the examination shall be 3 hours.
- ❖ The maximum mark for IV (ABC) semester – End examination shall be 75 marks and duration of the examination shall be 3 hours.. Even though the candidate is absent for two IA exams/ obtain Zero marks the external marks are considered (if the candidate gets 40/70) and the result shall be declared as “PASS”.
- ❖ Semester – End examination shall be conducted in theory papers at the end of every semester, while in practical papers, these examinations are conducted at the end of I, IV semester for I & II B.Sc, (A.B.C).

7. It is resolved to continue the following teaching and evaluation methods for Academic year 2022-23.

Teaching Methods:

Besides the conventional methods of teaching, we use modern technology i.e. using of LCD projector to display on U boards etc, for better understanding of concepts.

Evaluation of a student is done by the following procedure:

Internal Assessment Examinations:

Out of maximum 100 marks in each paper for I B.Sc, 30 marks shall be allocated for internal assessment. Out of these 30 marks, 20 marks are allocated for announced tests (i.e.IA-1 & IA-2).

Out of maximum 100 marks in each paper for II B.Sc, 25 marks shall be allocated for internal assessment. Out of these 25 marks, 15 marks are allocated for announced tests (i.e.IA-1 & IA-2).

Out of maximum 100 marks in each paper for III B.Sc, 30 marks shall be allocated for internal assessment. Out of these 30 marks, 20 marks are allocated for announced tests (i.e.IA-1 & IA-2).

Two announced tests will be conducted and average of these two tests shall be deemed as the marks obtained by the student, 5 marks are allocated on the basis of candidate's percentage of attendance and remaining 5 marks are allocated for the innovative component like assignment/quiz/seminars for I,II,III B.Sc.

There is no pass minimum for internal assessment for I, II, III B.Sc.

Semester – End Examination:

The maximum marks for I,III,V B.Sc Semester – End examination shall be 70/75/70 marks duration of the examination shall be 3 hours. Even though the candidate is absent for two IA exams /obtain Zero marks the external marks are considered (if the candidate gets 40/70/75) and the result shall be declared as "PASS".

Semester – End examinations shall be conducted in theory papers at the end of every semester, while in practical papers, these examinations are conducted at the end of I,III &V semesters for I, II & III B.Sc for 50 marks.

Discussed and recommended for organizing certificate course, seminars, Guest lecturers, workshops to upgrade the knowledge of students, for the approval of the academic council.

Discussed and empowered the Head of the department of Chemistry to suggest the panel of paper setters and examiners to the controller of examinations

RESOLUTIONS

- The following is the gist of discussion took place among the members BOS – English.
1. The Curricula has to be made relevant to the local, regional, national and global developmental needs. To facilitate this exercise, an addition to the syllabus or deviation from the syllabus can be opted for. In the process of making the syllabus suitable, by means of addition and / or deviation, the structured feedback (to review and design the syllabus) has to be procured from students, teachers, employers and Alumni by IQAC and Academic coordinator. Basing on the feedback taken from these four stakeholders, the Endeavour of addition and / or deviation has to be made. As per the procedure, necessary changes are already being made in the syllabus of course II of General English (II semester) up to 20%.

 2. Since the **APSCHE** has revised the syllabus under **CBCS** framework with effect from **2020-2021**, the same syllabus for General English of Semester-II (**English Praxis Course- II**) titled ‘**A Course in Reading & Writing Skills**’ shall be implemented for the admitted batch of the first year for this academic year 2022-23 without any changes.

 3. Discussed and recommended the Question paper pattern for the 2nd Semester of I Year students of all disciplines for the approval of the Academic Council.

 4. Discussed and recommended the guidelines to be followed by the question paper setters of General English for 2nd semester of first degree students of all disciplines for the approval of the Academic Council.

 5. Discussed and recommended the following teaching and evaluation methods for approval of Academic Council.

Teaching methods:

Besides the conventional methods of teaching, we use modern technology i.e. using of an LCD projector, display on U boards etc, for better understanding of concepts.

There are two components in the Valuation and Assessment of a student – Internal Assessment (IA) and Semester Examinations (SE).

Internal Assessment (IA)

- The maximum mark for IA is 30 and SE is 70 for theory. Out of these 30 marks, 20 marks are allocated for announced tests.
- Each IA written examination is of 1½ hour duration for 30 marks. The tests will be conducted centrally. The average of two such IA is calculated for 20 marks.
- Other Innovative Components will be for 5 Marks for General English. The innovative component is conducted during the class hours by the staff member/ in charge of the subject, in the form of assignments/ quiz/ seminars /presentations/Online/Open Book/Viva Voce/ Group work/ Mini Project/ Exhibition, etc. The topic and time for submission/ presentation will be announced by the staff member/ in charge of the subject in advance. Each student should explain and defend his/her presentation. For attendance 5 Marks are allotted.
- There is no passing minimum for IA.

Semester Examinations (SE)

- A student should register himself/herself to appear for the Semester Examinations by payment of the prescribed fee.
- The Semester Examinations will be in the form of a comprehensive examination covering the entire syllabus in each subject. It will be of 3 hours duration, with maximum 70 marks, irrespective of the number of credits allotted to it.
- Even though the candidate is absent for two IA exams/obtain zero marks, the external marks are considered (if he/she gets 40/70) and the result shall be declared as ‘PASS’.

- The pass mark shall be 28 out of 70 in the Semester end examination.
- The maximum marks for each Paper shall be 100.
- 6. Considered and approved the implementation of Pedagogy methods like Quiz, classroom seminar, Assignment or Case study, Test, puzzles, viva and few more innovative methods in classroom teaching as indicated in the curricular plans.
- 7. Discussed and recommended for organizing Seminars, Guest lectures, Workshops to enhance the knowledge of students besides conducting Certificate Courses on Spoken English, Soft Skills and Competitive English. It has been suggested that the Certificate Courses may be feasible to the students (interested students) of all disciplines of II years and the resource person may be a Guest Faculty to handle the classes regularly beyond the curriculum. All these recommendations are forwarded for the approval of the Academic Council.

In every country people imagine that they are the best and the cleverest and the others are not so good as they are. The English man thinks that he and his country are the best; the French man is very proud of France. The Germans and the Italians think no less of their countries and many Indians imagine that India is in many ways the greatest country in the world. This is wrong. Everybody wants to think well of himself and his country. But really there is no person who has

not got some good and some bad qualities. In the same way, there is no country which is not partly good and partly bad. We must take the good wherever we find it and try to remove the bad wherever it may be. We are off course, most concerned with our own country, India. Unhappily it is in a bad way today. Most of our people are and unhappy. They have no joy in their lives. We have to find out how we can make them happier. We have to see what is good in our ways and customs try to keep it, and whatever is bad we have to throw away. If we find anything good in other countries, we should certainly take it.

Answer the following questions.

1. What do people think in every country?
2. What must we do?
3. What should be our attitude towards other countries?
4. Write the antonym for the following word.

Worst

5. Write the synonym for the following word.

Evaluation of a student is done by the following procedure:

Internal Assessment Examination:

- ❖ Out of maximum 100 marks in each paper for I B.Sc, 30 marks shall be allocated for internal assessment.
- ❖ Out of these 30 marks, 20 marks are allocated for announced tests (i.e . IA-1& IA-2). Two announced tests will be conducted and average of these two tests shall be deemed as the marks obtained by the student, 5 marks are allocated on the basis of candidate's percentage of attendance and remaining 5 marks are allocated for the assignment for I B.SC.
- ❖ Out of maximum 100 marks in each paper for II B.Sc, 25 marks shall be allocated for internal assessment.
- ❖ Out of these 25 marks, 15 marks are allocated for announced tests (i.e . IA-1& IA-2). Two announced tests will be conducted and average of these two tests shall be deemed as the marks obtained by the student, 5marks allocated on assignment and reaming 5 marks seminar for IV semester.
- ❖ There is no pass minimum for internal assessment for I & II B.Sc.

Semester – End Examination:

- ❖ The maximum mark for I (MPCS) semester – End examination shall be 70 marks and duration of the examination shall be 3 hours.
- ❖ The maximum mark for II B.Sc semester- End examination shall be 75 marks and duration of the examination shall be 3 hours. Even through the candidate is absent for two IA exams / obtain zero marks the external marks are considered (if the candidate gets 40/70) and the result shall be declared as "PASS"
- ❖ Semester – End examination shall be conducted in theory papers at the end of every semester, while in practical papers, these examinations are conducted at the end of II & IV semester for I & II B.Sc.
- ❖ Discussed and recommended for organizing Seminars, Guest lectures, Work – Shops to upgrade the Knowledge of students, for the approval of the Academic Council.

Course Prerequisites: Students required basic knowledge in Calculus, Algebra and Probability.

Course Description: This course helps the students to familiarize students with the ways in which we talk about uncertainty and look at everyday situations in which probability arises. Also this course aims at providing basic knowledge about theoretical distribution models that can suit different phenomena of interest measured as variables in a continuum.

Course Objectives:

- 2) To provide understanding and applying standard continuous probability distribution to different situations.
- 3) To get the knowledge regarding qualitative factors
- 4) To understand the relation between quantitative factors
- 5) To make the estimated values using regression

Learning Out comes:At the end of the course, the student will

- 1) Acumen to apply standard discrete probability distribution to different situations.
- 2) ability to handle transformed random variables and derive associated distributions.
- 3) The parameters describe an underlying physical setting in such a way that their value affects the distribution of the measured data.

Evaluation of a student is done by the following procedure:

❖ Internal Assessment Examination:

- ❖ Out of maximum 100 marks in each paper for I B.Sc, 30 marks shall be allocated for internal assessment.
- ❖ Out of these 30 marks, 20 marks are allocated for announced tests (i.e . IA-1& IA-2). Two announced tests will be conducted and average of these two tests shall be deemed as the marks obtained by the student, 5 marks are allocated on the basis of candidate's percentage of attendance and remaining 5 marks are allocated for the assignment for I B.SC.
- ❖ Out of maximum 100 marks in each paper for II B.Sc, 25 marks shall be allocated for internal assessment.
- ❖ Out of these 25 marks, 15 marks are allocated for announced tests (i.e .IA-1& IA-2). Two announced tests will be conducted and average of these two tests shall be deemed as the marks obtained by the student, 5 marks allocated on assignment and remaining 5 marks seminar for IV semester.

❖ Semester – End Examination:

- ❖ The maximum mark for I (BZC) semester – End examination shall be 70 marks and duration of the examination shall be 3 hours.
- ❖ The maximum mark for II B.Sc semester- End examination shall be 75 marks and duration of the examination shall be 3 hours. Even though the candidate is absent for two IA exams / obtain zero marks the external marks are considered (if the candidate gets 40/70) and the result shall be declared as "PASS"
- ❖ Semester – End examination shall be conducted in theory papers at the end of every semester, while in practical papers, these examinations are conducted at the end of I & IV semester for I & II B.Sc.
