

A.G. & S.G. SIDDHARTHA ARTS & SCIENCE DEGREE COLLEGE, VUYURU

DEPARTMENT OF PHYSICS

SCHOOL TO LAB

2019-20

Dt :- 27/11/2019 to 28/11/2019

On 27th, 28th of November 2019 Faculty of Department of Physics Explained and demonstrated the important experiments to 9th and 10th Class Students of Vuyyuru Public School, Gemini School. Nearly 120 students were benefited.

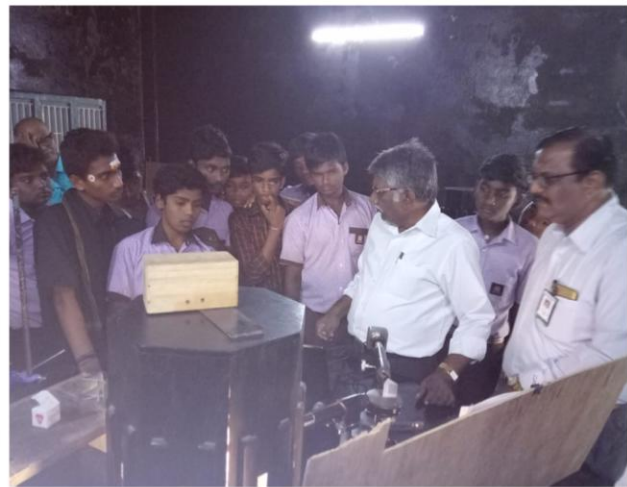

As a part of Institution's Social Responsibility, the Department of Physics implemented its best practice " School to Lab " in Physics lab of A.G. & S.G. Siddhartha Arts & Science Degree College, Vuyyuru and interacted with nearly 120 school children and enlightened them with basic concepts of Physics .

J.Hareesh Chandra and M.P.D.Parimala of Physics Department Explaining various concepts of Light and Electricity through practicals .

J.Hareesh chandra, M.Sateesh and J.Dileep of Physics Dept. Explaining Earth's rotation around the sun and position in the solar system and how seasons are formed .

U. Ram Prasad and CH.V.Anil Dai of Physics Dept Explaining the concepts of Light and Prism,Grating properties using Spectrometer.

The Feedback from the students :-

- 1) It is very useful for future studies in Physics.
- 2) Quite interesting about light properties .
- 3) Good and gained some practical experience .
